## INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. §1.56 and §1.97

Assistant Commissioner for Patents Washington, D.C. 20231

Sir:

In accordance with the continuing duty of disclosure imposed by 37 C.F.R. § 1.56 and § 1.97 to inform the Patent Office of all references coming to the attention of each individual associated with the filing or prosecution of the subject application, which are or may be material to the patentability of any claim of the application, Attorneys for Applicants hereby direct the Examiner's attention to the references AA through EE which are listed on the attached revised form PTO 1449 entitled "List of References Cited by Applicant." References AA-ED are of record in the parent case; pursuant to 37 C.F.R. §1.98(d) copies of these references are not being submitted.

The above-identified patent application is a continuation of U.S. Application No. 09/866,827 ("the '827 application"), filed May 29, 2001, which is a continuation of U.S. Application No. 09/227,840 filed January 11, 1999 ("the '018 application"), which is a division of U.S. Application No. 08/471,290 filed June 6, 1995 ("the '007 application"), now issued as U.S. Patent No. 5,858,350, which is a continuation-in-part of U.S. Application No. 08/347,911, filed December 1, 1994, now issued as U.S. Patent No. 5,623,064, which is a continuation-in-part of U.S. Application No. 08/160,569, filed December 1, 1993, now issued as U.S. Patent No. 5,622,034. References AA-AG, AN-CD, and CX-CY are of record in the '007 application. References AH-AM are of record in the '018 application. References CE-CW and CE-ED are of record in the '827 application. Pursuant to 37 C.F.R.§ 1.98(d), copies of the listed references AA-ED have not been included herein. Reference EE (U.S. Application No. 10/386,893) is a continuation of the '827 application; a copy is not provided as the specification is identical to that

of the '827 application. Applicants will provide copies of the references upon request by the Examiner.

Applicants respectfully request that the Examiner review the listed references and that the references be made of record in the file history of the application. Identification of the listed references is not meant to be construed as an admission of Applicants or Attorneys for Applicants that such references are available as "prior art" against the subject application. Applicants submit herewith a revised form PTO 1449 entitled "List of References Cited" rather than "Information Disclosure Citation in an Application."

Applicants respectfully request that the Examiner review all of the references listed in the revised form PTO 1449 and that the references be made of record in the file history of the application.

Pursuant to 37 C.F.R. § 1.97(b), Applicants believe that no fee is due for filing this Information Disclosure Statement since it is being filed before the mailing date of the first Office Action. However, should the Patent Office determine that a fee is due, please charge this required fee to Pennie & Edmonds LLP Deposit Account No. 16-1150. A duplicate of this sheet is enclosed for accounting purposes.

Respectfully submitted,
